

Strategic Energy Assessment 2028 (5-ES-111)
Great Lakes Utilities
Supplemental Responses

Carbon Reduction Activities

1. GLU has not adopted any carbon reduction goals at this time
2. 2020 CO2 system emission from generation: zero MMTCO2
3. GLU projects zero MMTCO2 in emissions for 2022, 2024, 2026, and 2028.
4. GLU has no generation portfolio.

Reliability Impacts of Potential Unit Retirements

N/A

Utility Resource Planning
